Inclement Weather

Concord Children's Center follows the Concord Public School decisions to close or not on inclement weather days. The Concord Public Schools make their decision after consulting with the Town Public Safety Departments, the School facilities staff, and area public school superintendents. For complete information regarding school closings please see the CCC parent handbook on our website, pg 35.

Concord Children's Center Reimagined

Concord Children's Center Reimagined is the project that will realize the long-range goal set by the CCC Board in 2018 to restructure CCC to most effectively and efficiently meet its mission and serve our families and staff. This goal involves moving CCC from a three-site to a two-site model, retaining our site in West Concord, departing our Emerson and Ripley sites, and building a second site in East Concord owned by CCC.

As previously announced, CCC took an important step earlier this month toward realizing this goal when we purchased a wonderful property in East Concord to serve as our second site. **250 Old Bedford Road** has a house that is in good shape to which we will be adding a playground, parking lot, and approximately 5,000 square feet containing six classrooms. When complete, this new site will allow CCC to continue to serve all of our families in two locations, one on each side of town, with infant-toddler, preschool and afterschool programs at both sites.

Over the next several weeks, we will be applying for building permits from the town as well as preparing for closing, which is scheduled for February 21. Work is anticipated to start in the spring, with the new site expected to be completed for the 2021-2022 school year.

Getting involved with building this new school is a wonderful opportunity for the CCC community, and, as always, there has been no shortage of help from our staff, families and board members. Once we close, our **Building Committee** will get to work coordinating and facilitating the design and eventual construction of the new site. This Committee consists of CCC administration, along with:

- Board Treasurer **Stephan Bader**,
- Board member and Advancement Chair **Tom Doherty**,
- Board Chair **Jay Abelowitz**,
- Ripley parent and architect **Dawn Guarriello**,
- alumni parent and architect **Mark Chaffee**,
- Concord resident, long-time friend of CCC, and former Children's Investment Fund program manager **Mav Pardee**, who has been working in the field of childcare facilities development since the early 1980s.

All of the members of the Building Committee bring the experience and enthusiasm necessary to reach our goals.

In addition to the Building Committee we will be forming a **Design Committee** to provide input and feedback on design considerations for the new site. This Committee will be composed of CCC Administration, teachers and board members.

CCC has also engaged **Omni Properties** as our Owner's Project Manager. Omni has developed 17 childcare centers since 1999. As our project manager, Omni will advise and consult on:

- design
- value engineering;
- scope of work;
- cost estimates;
- scheduling;
- construction;
- selecting, negotiating with, and overseeing a designer and a general contractor;
- ensuring the preparation of time schedules which will serve as control standards for monitoring performance of the building project;
- project evaluation.

Omni has already begun soliciting project proposals from architects.

We will continue to keep families updated as this project moves forward. Please also don't hesitate to contact any of our administrative staff if you would like more information about **Concord Children's Center Reimagined**.

Fund for CCC Update

The **Fund for CCC** is having a great year – to date, we have received almost **\$40,000** in commitments, 15 percent more than all of last year's Fund! Thank you to everyone who has already donated. We hope that all families will support the Fund, and those families who donate \$1,000 or more will become members of the **Friendship Circle**, our leadership giving society, and will enjoy a special appreciation event in the fall. We already have 19 Friendship Circle members this year, including current and past families, corporations, special friends, and staff. For more information or to donate, please contact CCC Development Coordinator [Jennifer Saxe](#).

We are grateful to all of our families for their support at whatever level. It takes everyone's participation to make our school the special place that it is for our children.
